1. TROPHY HUNTING & PROCESSING

Rondekop Safaris will oversee the paperwork needed to export your trophies. You have two options: your trophies can be dispatched to our preferred local taxidermist for complete taxidermy work or exported as “dip-and-pack” to your preferred taxidermist in your home country.

We pride ourselves in providing our clients with top-quality trophy-handling facilities. We will see that your trophies are skinned and processed correctly, using the proper methods to ensure good taxidermy work.

3. GENERAL INFORMATION

TRAVEL

Just under a two-hour drive from O.R. Tambo International Airport in Johannesburg, our farm borders the R53 between Parys and Potchefstroom, located in the heart of the Vredefort Dome; you only need a Visa. Rondekop Safaris will collect you from Johannesburg and drive you to your hunting destination.

Rondekop Safaris operates year-round, with peak times between March and October (fall to spring). Temperatures range from 32-70°F (0-22°C) during the day and 32-50°F (0-10°C) at night.

FIREARMS

The recommended calibre for dangerous game is .375 or bigger, and for plains game, any calibre in the .270, .308, 30-06, .300, and .338 classes will work just fine. Recommended bullets are Barnes Tripple Shock, Trophy Bonded, Swift A-Frame, Winchester Failsafe or Nosler Partition.

Shooting distance on dangerous game is usually around 50 yards and on plains game from 100 to 400 yards.

A temporary firearm import permit will be required to bring your personal firearm(s). This can be done on arrival at OR Thambo airport in Johannesburg.

DOCUMENTATION NEEDED:

- A South African Police Form SAPS20 - Application for an import permit.
- Proof of ownership - License or US Customs form 4457.
- Letter of invitation from your safari outfitter.

At Rondekop Safaris, we're here to help streamline your experience. We offer a convenient service to assist clients in obtaining pre-approved import permits. For a fee of \$100 per client per rifle, we handle the application process on your behalf.

This service grants you the advantage of pre-approved permits, eliminating the hassle of filling out forms and waiting in airport lines upon arrival. Please note that this service is exclusively available for arrivals at O.R. Tambo airport in Johannesburg, and it requires Rondekop Safaris' involvement for the transfer, as one of our representatives must be present in Johannesburg to manage the paperwork.

For clients who prefer to handle the paperwork independently, all the required information can be found on the following website:

- [Click here](#) for importation of firearms into South Africa.

Firearms can also be rented from Rondekop Safaris at \$20 per day, excluding ammunition. Ammunition for calibres smaller than .375 costs about \$5 per bullet. For calibres .375, ammunition costs \$8 per bullet.

CLOTHING & EQUIPMENT

Daily laundry services are available, so bringing an excess of clothes is unnecessary.

We recommend you pack darker colours such as dark green, brown, olive, dark khaki, or grey. Camouflage is permitted in South Africa, but avoid packing light khaki or white for hunting. Light-coloured objects are easily noticeable by animals. The following packing suggestions are just guidelines and can be customised to suit individual preferences.

-  Comfortable shoes to wear at the lodge.

-  1 set of casual clothes to wear at the lodge.
-  Hunting hat, sunscreen, lip balm and sun glasses.
-  Small backpack - to keep all your hunting gear together on the vehicle.
