Rondekop Safaris invites you to experience the thrill of an authentic African hunting safari in the heart of South Africa's legendary Vredefort Dome.

Conveniently located less than two hours from O.R. Tambo International Airport in Johannesburg, our privately managed hunting property offers exceptional plains-game hunting across diverse terrain ranging from open grasslands to bushveld and rolling hills.

Whether you prefer spot-and-stalk hunting on foot, bow hunting from expertly positioned hides, or challenging long-range rifle hunting, our experienced team delivers a fully guided and personalized safari tailored to your goals.

Our property offers outstanding populations of high-quality trophy species including Springbok, Black Wildebeest, Blesbok, Kudu, Nyala, Impala and Bushbok, with additional species available to enhance your safari.

After the hunt, relax and enjoy unforgettable African sunsets in one of the world's most unique geological landscapes — the Vredefort Dome, a UNESCO World Heritage Site and the largest meteor impact structure on Earth.
